EL ESTABLO

—AUTHENTIC MEXICAN CUISINE—

ABOUT US

El Establo is a local Mexican restaurant located in San Luis Obispo. Their mission is to provide their guests an authentic Mexican environment and cuisine that will have them wanting to return for more. As we all know San Luis Obispo can be seen as somewhat of a college town. With that being said El Establo aims to appeal to college students, while also hoping to acquire customership from the older population and the families that also reside within San Luis Obispo. Along with the population here in San Luis Obispo, El Establo hopes to bring in residents of surrounding areas such as Paso Robles, Arroyo Grande, and Santa Maria. As people who have lived in San Luis Obispo know, the city does need a Mexican restaurant that is a lot more authentic than the current options. Most of the restaurants in the area have more of a TexMex menu rather than actual Mexican recipes, and the City and its residents would greatly benefit from El Establo and its mission/goals.
